Marquette, MI --News Direct-- Peninsula Fiber Network

Peninsula Fiber Network, LLC (PFN), a leading provider of fiber optic-based telecommunications and Next Generation 911 services throughout Michigan, Wisconsin, and parts of Minnesota was pleased to learn that one of its key employees received statewide recognition.

PFN Employee Receives APCO Presidents Award

The Michigan Association of Public Safety Communications Officials (APCO) held its annual awards banquet in Frankenmuth on October 21, 2021. Each year, awards are presented to 911 professionals recognizing their service and dedication to the profession.

This year, Phyllis Fuller of Peninsula Fiber Network received the Michigan Chapter APCO President's award. Phyllis has been a member of Michigan APCO for the past 15 years and is known for her positive attitude, being a problem solver and one of great integrity who makes decisions based on what is best for the organization. She has served as the Michigan chapter treasurer since 2009 and was recently appointed to the National Awards Committee.

Phyllis is a NG911 Program Coordinator for Peninsula Fiber Network since January 2018. She previously served as the Director at Barry County Central Dispatch.

Tim McKee, NG911 Director for Peninsula Fiber Network, stated, "Phyllis is a dedicated leader on our Next Generation 911 team. We are excited that Michigan's 911 community has recognized Phyllis for the countless hours she has spent working to ensure the State has the best emergency services network in the county."
